

Meeting Planning Committee

Jason Scalise, MD, Program Chair
Kenneth Schmidt, MD

Program Description

The expected outcome of this activity is not only to increase and refine the depth of orthopaedic knowledge, techniques, and skills for the Arizona provider, but also to facilitate their application to the advancement of high-quality patient care.

Educational Objectives

At the conclusion, the attendee should be able to:

Review how clinical data is collected and used to look at the true cost of care and the value that orthopaedic surgeons provide and identify how physicians can appropriately use (or not use) this “big data”.

Cite the latest treatment options for periprosthetic fractures.

Determine cutting edge treatment options for AC joint injuries, lateral epicondylitis and humeral shaft fractures.

Discuss and review new developments in Orthopaedic Surgery as demonstrated by case studies presented by Arizona Orthopaedic Residents in Training.

Identify orthopaedic lessons learned from the 2013 Boston Marathon Bombing.

ArMA/AMA PRA Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Arizona Medical Association (ArMA) through the joint providership of MORE Foundation and Arizona Orthopaedic Society. MORE Foundation is accredited by ArMA to provide continuing medical education for physicians.

The MORE Foundation designates this live activity for a maximum of 5.5 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosures

All persons with the AOS involved in the planning of this activity have declared that they have no relationships with commercial interests that would constitute a conflict of interest.

Conference Site

The conference will be held at the Black Canyon Conference Center at 9440 North 25th Avenue in Phoenix. Contact Patrice at 602.347.6901 if you need assistance with reserving a room at a local hotel.
